

Shakibul Islam

(fullstack web developer)

An energetic and imaginative young web developer who is able to work alongside other talented IT professionals in creating websites to the very highest standards. Although i developed my first calculator project with GUI 6 years ago, I have been coding for businesses for last three years and helping them to skyrocket their growth and to build their online empire from scratch . I have a high awareness of industry issues and trends, particularly in regard to accessibility, usability, emerging technologies, and open source CMS. I am an ambitious type who wants to get noticed, and has the drive and massive energy needed to really make a difference to a project .

Technical skills :

- Python
 - Javascript
 - Git
 - Html5
- Django
 - Docker
 - Jquery
 - Css3
- Django rest framework
 - Vue.js
 - Bootstrap 4
 - Ajax
